2017 Pastured Chickens Order Form

Name: _____

Address: _____

Phone: _____

E-mail: _____

We will be raising two groups of pastured broiler chickens this year. Our birds are sold fresh with pickup at our farm just outside Milton. **Our price is \$3.95/lb** (processed weight). Each bird will average between 4-6 lbs.

NEW this year - ALL birds will be professionally vacuumed packed at the processor. This will improve the quality of birds placed into frozen storage and dramatically increase storage time. You will also have the option of having your birds **cut in half** or **into pieces**. **There is an additional fee of \$.25/bird for halved or \$.75/bird for pieces.**

Please check which pickup date you would like and the number of chickens for each date.
